David, Jennifer, Bruce – attached is my first cut at a research section for the Agency plan. I developed this mainly from the larger ORD PFAS Plan that we have been developing, which describes our current work and has been worked on by each of the people leading each line of work. I did add some new material, mainly a section on Collaboration and some other details.

Deliberative Process / Ex. 5

Please have a look, let me know if this is on track, if there is anything missing or that should be removed, enhanced, etc. There are a few specific questions in the comment boxes.

Happy to discuss if needed.

Regards, Andy
